## Granville CULTURAL COUNCIL SEEKS FUNDING PROPOSALS

Proposals for community-oriented arts,  
humanities, and science programs due October 15

The Granville Cultural Council has set an October 15th postmark deadline for organizations, schools and individuals to apply for grants that support cultural activities in the community.

According to Council spokesperson, these grants can support a variety of artistic projects and activities in Granville including exhibits, festivals, field trips, short-term artist residencies or performances in schools, workshops and lectures.

The Granville Cultural Council is part of a network of 329 Local Cultural Councils serving all 351 cities and towns in the Commonwealth. The LCC Program is the largest grassroots cultural funding network in the nation, supporting thousands of community-based projects in the arts, sciences and humanities every year. The state legislature provides an annual appropriation to the Massachusetts Cultural Council, a state agency, which then allocates funds to each community.

For specific guidelines and complete information on the Granville Cultural Council: Application forms and more information about the Local Cultural Council Program are available online at [http://www.mass-culture.org/lcc\\_public.aspx](http://www.mass-culture.org/lcc_public.aspx). ## GRANVILLE FIRE DEPARTMENT

### The Granville Fire Department & The American Red Cross are teaming up to install smoke alarms in Granville!

By Tim Rickis – GFD Firefighter & Public Relations Coordinator

#### Smoke Alarm Facts:

- Working smoke alarms give early warning of danger and are the single most important way to prevent fatal fires. They double the chances of surviving a fire.
- Every second counts in a fire. Working smoke alarms provide residents with early warning of fire and allow residents to exit a home quickly. Working smoke alarms save lives.
- You should have working smoke alarms on every level of your home, outside bedrooms, at the top of open stairs and at the base of cellar stairs.
- Maintain smoke alarms. Test them once a month and change the batteries twice a year, unless they are the 10 year maintenance free type which do not require battery replacement but still require testing.
- Smoke alarms must be replaced every 10 years. Alarms are labeled with their date of manufacture. If there is no label, they are older than 10 years and must be replaced.

#### How GFD and The American Red Cross can help:

On Saturday October 27<sup>th</sup>, 2018, The GFD and The American Red Cross will be installing smoke alarms in the local area. You must contact GFD at (413) 357-8585, or visit our website [www.granvillefire.net](http://www.granvillefire.net), no later than October 14<sup>th</sup> to provide your contact information (name and number) so we can schedule your appointment. You are eligible to have up to three alarms installed if:

- Your house was built before 1975, and
- You currently have no smoke alarms, or your current alarms are older than 10 years old

Together, we can improve the life safety and well-being of our Granville residents!

The all-volunteer members of The Granville Fire Department are proud to serve our residents 24/7. Please visit our web page at [www.granvillefire.net](http://www.granvillefire.net) or find us on Facebook! ## Granville Public Library Summer Reading Program 2018 Thank-You

The Summer Reading Program—"Libraries Rock" had 34 participants and was successful due to the support of so many people. Thanks are extended to Mary Short, Library Director and all the librarians who checked reading logs, worksheets and answered questions about Page's weekly riddle. To Erin and Mary, and the patrons who put up with extra noise on the days we made musical instruments (maracas, kazoo, didgeridoo, rain stick, tambourine) - Thank You. A sincere thanks to the Granville Select Board and Matt Streeter for their support of our Kick-Off. 'The children enjoyed exploring the percussion instruments on loan from the Granville Village School.

Thanks to a grant from the Massachusetts Cultural Council and the Granville Cultural Council, participants were able to make wind chimes with Cooley Buy; and visit the Noble & Cooley Drum Shop for a mini tour and assemble their own drum. Listen closely and you may hear a chime playing nearby. Or you might see a collection of little drummers in the next 4th of July parade.

At the Gran-Val Scoop, the Brown Family allowed us to use the pavilion for a skit about a farmer and his talented animals. Later we were given food for the farm animals and treated to tasty ice cream for the actors. Thanks are extended to Roni, Tyler and Mason Stratton; and Donna and Celine Fillion who portrayed the characters in the skit. Also, thanks to all the children from the audience who played the animals.

A Dance Party was held to celebrate the conclusion of the program. Dancing, snacking, raffle drawing and fun took place for all who gathered. Special thanks to Kierra Irzyk for providing an extra pair of hands at the Kick-Off and the Finale.

"Libraries Rock" was sponsored and supported by: the Granville Public Library, the Granville

Library Club, the Massachusetts Cultural Council, the Granville Cultural Council, the Collaborative Summer Reading Program, the Massachusetts Board of Library Commissioners, the Gran-Val Scoop, Noble & Cooley Drum Shop, Lupa Zoo, The Summer House, McDonald's (Swk), Prospect Mountain Campground, Amelia Park Ice Arena, and Granville Town Residents.

Hope to see you next Summer!
